DECEMBER 31, 2015

Call our office for details!

Tech Tip:

Downloads or other internet-using programs that run in the background can saturate your internet connection very quickly, as can computers infected with viruses or malware. Be sure to always close non-essential programs when you're finished and make sure your computers are protected against viruses and malware.

- Booth's Harbour St Williams
- Sandboy Marina Long Point
- MacDonald Turkey Point Marina

Hotspot Upgrades

- Better coverage
- Your own private network
